

What makes 10?

You will need: Two 1–6 dice
What makes 10? game board

Game can be played individually or in pairs

1. Player/pair 1 rolls the two dice and uses a number on the game board to add to one or both of the dice to make ten. Cover the number on the game board.

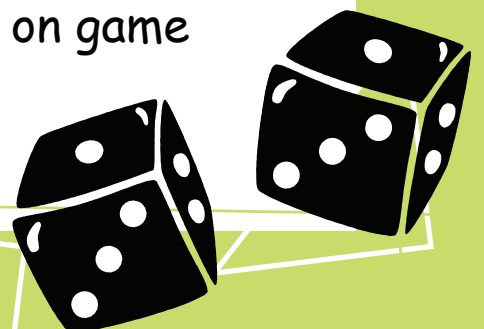

For example: Roll 3 and 5 on the dice.

Could choose to cover 7 ($3 + 7 = 10$), 5 ($5 + 5 = 10$)
or 2 ($3 + 5 + 2 = 10$)

2. Next player/pair rolls the dice and chooses a way to make 10.

Winner—First to cover all numbers on game board or first to cover 8 numbers on game board.
